

I am writing to request that the FCC take action to either

1 - Bar Sinclair Broadcasting from forcing its stations to air an anti-Kerry documentary days before the election

2 - Force those same stations to provide equal air time for a pro-Kerry presentation such as "Up River"

By even considering airing any partisan programming with such a clear intent of influencing the election, Sinclair is absolutely abusing its rights to the use of our public airwaves. Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest.

Sinclair's planned actions are absolutely unethical. . The FCC needs to take action, and to take it now to make Sinclair act in a responsible manner.

Thank you for your attention to this matter.
